SUMMARY

RESPONSE RATE

All 193 attendees were contacted the day after the event for their feedback. Another email reminder was sent a week later. The survey link was also posted twice in the TOHDoS Newsletter.

Response rate: 47 / 193 = 24%

HIGHLIGHTS

- Respondents agreed that learning objectives were met.
- The visiting professor feedback was outstandingly positive!
- Most agreed that the moderators, oral presenters, and poster presenters did excellent work.
- Most agreed that the video vignettes added value by informing the department about the Research Program Awards.
- The website, review app, RSVP system, and abstract submission site were easy to use for most.
- 100% strongly agreed that Collins Surgical Evening was a success!

CONCERNS

- Quality of the presentations was questioned by some.
- Transparency and fairness of the abstract selection and awarding process was questioned by some.
- Attendance by faculty members and overall attendance in the afternoon did not meet the expectations of presenters.
- Reliable access to wifi was a challenge for some.

Organizational Survey Results:

**Presentations and Moderators**

- The moderators did an excellent job engaging the speaker/audience, while keeping to the schedule.  
- I found it helpful to learn more about the Research Program Award winners through the video vignettes. 
- Overall, I thought that the poster presentation sessions were excellent. 
- Overall, I thought the oral presentations by fellows, residents, and students were excellent.

**Logistics**

- The CollinsDay.org website app worked well for the scoring of presentations.
- The CollinsDay.org website had all of the information that I required.
- I received all of the necessary materials (e.g., access to app for review, tickets, etc) for Collins Surgical Day via a personalized email prior to the event.
- The electronic RSVP system was easy to use.
